

09/20/2017

Dear Parents,

As adults you know that smart money management is a vital part of life skills that we need to teach our children. At A+ Federal Credit Union, education is one of our core values. To help children learn the importance of savings, we offer free Youth Savings accounts for members up to age 19. Once the membership is established our youth members have the opportunity to learn about savings and finance while they get hands on experience with financial transactions.

For schools that have implemented Green Apple Deposit Days as part of their school's culture, members are able to make regular deposits to their savings accounts on campus. Students are rewarded with free giveaways including pencils, stickers, rulers, and much more! This program has been implemented at a number of schools in the Austin, San Marcos, Hutto, Pflugerville and Round Rock Independent School Districts.

A+ Federal Credit Union is dedicated to providing financial education to the youth in our community and the growing trend of deposit day programs helps instill these values at a young age. I invite you to consider the Green Apple Savings Club Program in your school, and please feel free to contact me by phone at 512-421-2895 or by e-mail bberry@aplusfcu.org to discuss the program. Attached you will find a membership application with more information. This can be brought to school with your student, or you can open the membership at our branch conveniently located inside Round Rock High School.

I look forward to the opportunity to provide financial education to Deep Wood Elementary School students.

Sincerely,

Brandi Berry
High School Branch Supervisor
